

HIGH SUMMER 2006

A message from Stan Padilla . . .

HOW IS IT WITH ME?

I want to express my heartfelt thanks for what I have received from all of you over the past years. This especially has been a full year with much growth, joy, challenges, and successes.

As you are reading this, I am moving from Auburn after living here for six years. I am settling into a peaceful cabin home in the woods and will be beginning a new phase of my life, slowing down a bit and deepening my work. From my new home center I will begin to offer events for the future with expansive opportunities in consciousness, culture, and creativity in nature. At this time we will be rebuilding a new "snail-mail" list and upgrading our E-mail list. It is important that any changes you have made or are contemplating making be sent at once.

How is it with you? Are you there? Response is vitally important for this new phase of upcoming events so that we can keep you informed of each and every happening in the future.

August Events

Sunday, August 13th 10:00 a.m. - "Practical Wisdom"

A talk by Stan Padilla at Unitarian Universalist Church in Auburn. Featuring the Loping Wolf Native Flute Society.

Monday, August 14th-17th - Art Camp for Children with Stan Padilla

Animals in masks, drawing, sculptures, stories, and surprises!
